Brent McCoy: Comedy that Works
brentedenmccoy@gmail.com
Office - 802 533 2589 / Cell- 802 473 2973

Abstract:

- A silent physical comedy show that consists of sleight of hand, juggling, acrobatics, balance, improvisation, and audience participation.
- DOES NOT use fire, knives, water, or animals.

Board Operator

-For Full version of BLuNdEr CoNsTrUcTiOn, a board-operator for lights and sound, as well as one person to assist backstage are required. However, the show can run without a board operator, with only minor cues cut out.

Time:

- Running time: 45 - 60 minutes
- Setup: 30 minutes
- Take-down: 30 minutes

Stage:

- A level, hard surface. Minimum dimensions: 15' wide x 10' deep by 12' high.
- Bigger spaces are generally better, and a traditional theater with wings and back crossway is best. If the stage is elevated, there should be stairs for easy access to the audience.

Power

-Brent travels with a portable light fixture, which requires an outlet at the back of the audience, to which he plugs in a 100' extension cord, at the back of the audience.

Light Plot:

- General Wash lighting is all that's necessary.
- Preferable to be able to dim and/or blackout.

Brent has worked under a wide variety of conditions. If you have any questions, please call (802) 533-2589. Thanks!
